Notes:

Bold type indicates that the OD, wall thickness or weight is specified in **ISO 1127:1992(E) 'Stainless steel tubes'** Underlined type indicates that the OD, wall thickness or weight is specified in the austenitic, ferritic and martensitic stainless steel tube tables of ISO 1129 'Steel tubes for boilers, superheaters and heat exchangers'.

For ferritic and martensitic steel multiply the quoted austenitic steel weight by 0.97.
